Drum Crusher Model# DC5000-5

The Model DC5000-5 is used to crush up to 20 empty drums at one time. This system will crush a 55 gallon drum down to 4" in height greatly reducing storage space requirements and transport fees.

The unit comes complete with fused electrical controls, hydraulic door safety switch, and an oil sight gauge with temperature indicator.

Heavy duty construction, all structural components are made with heavy steel plate.

Standard Features:

- 5hp electric motor
- Crushing force **60,000** pounds at 3000 psi
- Crush 55 gallon steel drum down to 4"
- Cycle time of 45 seconds
- 20 gallon hydraulic tank
- Heavy Duty Steel construction
- Directional Control Valve
- Drum ring locator, keep the drum aligned
- Safety door, prevent operation while door is open
- Electrical disconnect box
- Portability with Fork Lift Truck
- Electrical control box NEMA- 1
- Safety features to comply with OSHA

Additional Options:

Explosion Proof System	When you have a hazardous area
Drip Pan for Liquid Containment	Under the crushing chamber to collect any fluids inadvertently not removed prior to crushing the drum
One step control valve	Causes the equipment to go through a full cycle without holding the lever down through the entire crushing cycle

Standard dimensions:

H: 100" W: 36" D: 41" Weight: 1,770 lbs

Shipping dimensions:

H: 94" W: 40" D: 48" Weight: 2,000 lbs
